Game Rules

- Matches are played with basic football rules.
- You can substitute 3 players each match, including the goalkeeper. However, when a player is removed because of a Red Card, no substitution can be made to fill the position.
- Committing a foul leads to a free kick being awarded to the other team.
- Committing a foul in the goal area leads to a penalty kick being awarded to the other team.
- Malicious fouls (sliding from behind, etc.) result in a Yellow Card being issued. 2 Yellow Cards in the same game equal a Red card. A Red Card leads to the player being sent off.

Starting a Game

1. To begin game play, select "Start" on the Edit Mode Selection screen, then press the A Button.
* Modes should be edited before game play begins. Default settings will be used if settings have not been changed.
See P. 5 for more on Edit Mode Selection.
2. When the game settings are verified, select "OK" with the Control Pad, then press the A Button to begin the match. To return to the previous screen, select "NO" with the Control Pad and press then A Button.
3. On the Coin Toss screen, select either heads or tails. If you win the toss, you can choose either to kickoff or which goal to defend.

Controlling the Kicker

- (1) Determine the direction the ball is kicked with the Control Pad, then kick the ball by pressing either the A Button or the B Button.
- (2) Determine the height of the ball by pressing the A Button (high) or the B Button (low) just before the ball is kicked.

* Pressing the button with just the right timing results in a fast kick. However, if the timing is off, the ball will fly off course.

Futhermore, if the ball's height is not determined in Step (2), then the ball may not head toward the target set in Step (1).

* Release the Control Pad before kicking and the ball will be kicked in the centre.

Controlling the Goalkeeper

- (1) Determine the direction you will dive to catch the ball with the Control Pad.
- (2) Determine the height at which you will catch the ball with the A Button (high) or the B Button (low).

* The goalkepr cannot move until the instant the shooter kicks the ball.
